SAFETY DATA SHEET

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

| Trade name or designation of the mixture | EasyMold Silicone Putty Part B |
| Registration number                     | -                                |
| Synonyms                                 | None.                            |
| SDS number                               | 7211800                          |
| Product code                             | 33700, 33700M, 33710.            |
| Issue date                               | 22-March-2016                    |
| Version number                           | 01                               |
| Revision date                            | -                                |
| Supersedes date                          | -                                |

1.2. Relevant identified uses of the substance or mixture and uses advised against

| Identified uses | Food grade Silicone for mold making |
| Uses advised against | None known. |

1.3. Details of the supplier of the safety data sheet

Manufacturer

| Company name                  | Environmental Technology, Inc. |
| Address                       | 300 S. Bay Depot Road           |
|                              | Fields Landing                  |
|                              | CA 95537, USA.                  |
| Telephone number              | 001 707-443-9323                |
| E-mail                       | eti@eti-usa.com                 |
| Contact person               | Technical Director              |

Supplier

| Company name |
| Address |

1.4. Emergency telephone number

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

The mixture has been assessed and/or tested for its physical, health and environmental hazards and the following classification applies.

Classification according to Regulation (EC) No 1272/2008 as amended

This mixture does not meet the criteria for classification according to Regulation (EC) 1272/2008 as amended.

Hazard summary

Occupational exposure to the substance or mixture may cause adverse health effects.

2.2. Label elements

Label according to Regulation (EC) No. 1272/2008 as amended

| Hazard pictograms   | None. |
| Signal word         | None. |
| Hazard statements   | The mixture does not meet the criteria for classification. |

Precautionary statements

Prevention

Observe good industrial hygiene practices.

Response

Wash hands after handling.

Storage

Store away from incompatible materials.

Disposal

Dispose of waste and residues in accordance with local authority requirements.

Supplemental label information

Not applicable.
2.3. Other hazards

None known.

SECTION 3: Composition/information on ingredients

3.2. Mixtures

The components are not hazardous or are below required disclosure limits.

Composition comments
Silica non-respirable embedded in Silicone Rubber Matrix.

SECTION 4: First aid measures

General information
Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

4.1. Description of first aid measures

Inhalation
Move to fresh air. Get medical attention if any discomfort continues.

Skin contact
Wash off with soap and water. Get medical attention if irritation develops and persists.

Eye contact
Flush eyes with copious amounts of water. Get medical attention if irritation develops and persists.

Ingestion
If vomiting occurs, keep head low so that stomach content doesn't get into the lungs. Never give anything by mouth to a victim who is unconscious or is having convulsions. Get medical attention if any discomfort occurs. Rinse mouth.

4.2. Most important symptoms and effects, both acute and delayed

May cause gastrointestinal disturbances.

4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

SECTION 5: Firefighting measures

General fire hazards
No unusual fire or explosion hazards noted.

5.1. Extinguishing media

Suitable extinguishing media
Foam. Dry chemical powder. Carbon dioxide (CO2). Water fog.

Unsuitable extinguishing media
Water. Do not use water jet as an extinguisher, as this will spread the fire.

5.2. Special hazards arising from the substance or mixture

During fire, gases hazardous to health may be formed.

5.3. Advice for firefighters

Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

Specific methods
Use standard firefighting procedures and consider the hazards of other involved materials.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

For non-emergency personnel
Ensure adequate ventilation. Avoid inhalation of vapors/dust and contact with skin and eyes. Wear protective clothing as described in section 8 of this safety data sheet.

For emergency responders
Keep unnecessary personnel away. For personal protection, see Section 8 of the SDS.

6.2. Environmental precautions

Keep unnecessary personnel away. The product is immiscible with water and will sediment in water systems.

6.3. Methods and material for containment and cleaning up

Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.

Never return spills to original containers for re-use. Collect and dispose of spillage as indicated in section 13 of the SDS.

6.4. Reference to other sections

For personal protection, see section 8 of the SDS. For waste disposal, see section 13 of the SDS.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Avoid breathing mist or vapour. Avoid contact with eyes, skin, and clothing. Good personal hygiene is necessary. Wash hands and contaminated areas with water and soap before leaving the work site. Observe good industrial hygiene practices.
Store in tightly closed original container in a dry, cool and well-ventilated place. Store away from incompatible materials.

Food grade Silicone for mold making

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Occupational exposure limits

UK. EH40 Workplace Exposure Limits (WELs)

Biological limit values

No biological exposure limits noted for the ingredient(s).

Recommended monitoring procedures

Follow standard monitoring procedures.

Derived no-effect level (DNEL)

Not available.

Predicted no effect concentrations (PNECs)

Not available.

Exposure guidelines

The ingredients in this product are encapsulated within the polymer matrix, therefore no exposure to these materials is expected during normal use/handling of this product. The exposure limits listed are provided for information purpose only. Use personal protective equipment as required. Keep working clothes separately.

8.2. Exposure controls

Appropriate engineering controls

Provide adequate general and local exhaust ventilation.

Individual protection measures, such as personal protective equipment

General information

Personal protection equipment should be chosen according to the CEN standards and in discussion with the supplier of the personal protective equipment.

Eye/face protection

Wear approved safety glasses or goggles.

Skin protection

- Hand protection
  Wear suitable gloves as a good hygiene practice.
- Other
  It is a good industrial hygiene practice to minimise skin contact.

Respiratory protection

No specific recommendations.

Thermal hazards

Wear appropriate thermal protective clothing, when necessary.

Hygiene measures

When using, do not eat, drink or smoke. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

Environmental exposure controls

Environmental manager must be informed of all major releases.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Appearance

Purple Paste.

Physical state

Liquid.

Form

Paste.

Colour

Purple

Odour

Odourless.

Odour threshold

Not available.

pH

Not applicable.

Melting point/freezing point

Not available.

Initial boiling point and boiling range

Not available.

Flash point

Not available.

Evaporation rate

Not available.

Flammability (solid, gas)

Not available.
Upper/lower flammability or explosive limits
- Flammability limit - lower (%): Not available.
- Flammability limit - upper (%): Not available.
- Vapour pressure: Not available.
- Vapour density: Not available.
- Relative density: Not available.
- Solubility(ies): Not available.
- Partition coefficient (n-octanol/water): Not available.
- Auto-ignition temperature: Not available.
- Decomposition temperature: Not available.
- Explosive properties: Not available.
- Oxidising properties: Not available.

9.2. Other information
- No relevant additional information available.

SECTION 10: Stability and reactivity
10.1. Reactivity
- Stable at normal conditions. None known.
10.2. Chemical stability
- Stable under normal temperature conditions and recommended use.
10.3. Possibility of hazardous reactions
- Hazardous polymerisation does not occur.
10.4. Conditions to avoid
- Avoid incompatible materials and intense heat.
10.5. Incompatible materials
- Strong oxidising agents. Chlorine. Avoid using items that contain sulfur such as masking tape, clays and latex gloves or soap which contains stearates.
10.6. Hazardous decomposition products
- Carbon oxides. Exposure to air over extended period of time at 150°C or greater can cause the formation of formaldehyde which is a known carcinogen.

SECTION 11: Toxicological information
General information
- Occupational exposure to the substance or mixture may cause adverse effects.
Information on likely routes of exposure
- Inhalation: Under normal conditions of intended use, this material is not expected to be an inhalation hazard.
- Skin contact: Prolonged skin contact may cause dermatitis.
- Eye contact: This product may cause slight irritation to the eyes.
- Ingestion: May cause discomfort if swallowed. Expected to be a low ingestion hazard.
Symptoms
- Exposed individuals may experience eye tearing, redness, and discomfort. May cause gastrointestinal disturbances.
11.1. Information on toxicological effects
- Acute toxicity: May cause discomfort if swallowed.
- Skin corrosion/irritation: Not expected to be a primary skin irritant.
- Serious eye damage/eye irritation: This product may cause slight irritation to the eyes.
- Respiratory sensitisation: Based on available data, the classification criteria are not met.
- Skin sensitisation: Based on available data, the classification criteria are not met.
- Germ cell mutagenicity: Based on available data, the classification criteria are not met.
- Carcinogenicity: Based on available data, the classification criteria are not met.
- Reproductive toxicity: Based on available data, the classification criteria are not met.
- Specific target organ toxicity - single exposure: Based on available data, the classification criteria are not met.
- Specific target organ toxicity - repeated exposure: Based on available data, the classification criteria are not met.
- Aspiration hazard: Based on available data, the classification criteria are not met.
- Mixture versus substance information: No information available.
- Other information: No other specific acute or chronic health impact noted.
SECTION 12: Ecological information

12.1. Toxicity
The product is not expected to be hazardous to the environment.

12.2. Persistence and degradability
No data is available on the degradability of this product.

12.3. Bioaccumulative potential
No data available on bioaccumulation.

Partition coefficient
n-octanol/water (log Kow)
Not available.

Bioconcentration factor (BCF)
Not available.

12.4. Mobility in soil
No data available.

12.5. Results of PBT and vPvB assessment
Not a PBT or vPvB substance or mixture.

12.6. Other adverse effects
None known.

SECTION 13: Disposal considerations

13.1. Waste treatment methods
Residual waste
Dispose of in accordance with local regulations. Do not allow this material to drain into sewers/water supplies.

Contaminated packaging
Since emptied containers may retain product residue, follow label warnings even after container is emptied.

EU waste code
Waste codes should be assigned by the user based on the application for which the product was used.

Disposal methods/information
Dispose of waste material according to Local, State, Federal, and Provincial Environmental Regulations.

Special precautions
Dispose in accordance with all applicable regulations.

SECTION 14: Transport information

ADR
Not regulated as dangerous goods.

RID
Not regulated as dangerous goods.

ADN
Not regulated as dangerous goods.

IATA
Not regulated as dangerous goods.

IMDG
Not regulated as dangerous goods.

14.7. Transport in bulk according to Annex II of Marpol and the IBC Code
Not applicable.

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

EU regulations
Regulation (EC) No. 1005/2009 on substances that deplete the ozone layer, Annex I and II, as amended
Not listed.

Not listed.

Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex I, Part 1 as amended
Not listed.

Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex I, Part 2 as amended
Not listed.

Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex I, Part 3 as amended
Not listed.

Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex V as amended
Not listed.

Not listed.

Regulation (EC) No. 1907/2006, REACH Article 59(10) Candidate List as currently published by ECHA
Not listed.
Authorisations
Regulation (EC) No. 1907/2006, REACH Annex XIV Substances subject to authorization, as amended
Not listed.

Restrictions on use
Regulation (EC) No. 1907/2006, REACH Annex XVII Substances subject to restriction on marketing and use as amended
Not listed.
Directive 2004/37/EC: on the protection of workers from the risks related to exposure to carcinogens and mutagens at work, as amended
Not listed.
Directive 92/85/EEC: on the safety and health of pregnant workers and workers who have recently given birth or are breastfeeding, as amended
Not listed.

Other EU regulations
Directive 2012/18/EU on major accident hazards involving dangerous substances, as amended
Not listed.
Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work, as amended
Not listed.
Directive 94/33/EC on the protection of young people at work, as amended
Not listed.

The product is classified and labelled in accordance with EC directives or respective national laws. This Safety Data Sheet complies with the requirements of Regulation (EC) No 1907/2006, as amended.

Other regulations
Directive 2012/18/EU on major accident hazards involving dangerous substances, as amended
Not listed.
Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work, as amended
Not listed.
Directive 94/33/EC on the protection of young people at work, as amended
Not listed.

National regulations
Follow national regulation for work with chemical agents.
No Chemical Safety Assessment has been carried out.

15.2. Chemical safety assessment
No Chemical Safety Assessment has been carried out.

SECTION 16: Other information
List of abbreviations
Not available.
References
Not available.
Information on evaluation method leading to the classification of mixture
The classification for health and environmental hazards is derived by a combination of calculation methods and test data, if available.
Full text of any H-statements not written out in full under Sections 2 to 15
None.
Training information
Follow training instructions when handling this material.
Disclaimer
The information in the sheet was written based on the best knowledge and experience currently available.
